Innovate Supplier Toolkit

Gain more visibility into your supply chain with real-time information from your suppliers. Innovate's Supplier Toolkit includes everything you need to receive accurate and timely information from your suppliers.

The Supplier Toolkit will enable your suppliers to receive your Purchase Orders and send you Purchase Order Acknowledgements, Invoices and Advanced Ship Notices.

The Supplier Toolkit is a robust solution to improve your planning and forecasting.

- *Populates Supplier Portal with your Purchase Orders.*
- *Notifies the supplier they have received your Purchase Order Information.*
- *Prefills the Purchase Order Acknowledgements, Invoices, and Advanced Ship Notices with your Purchase Order information.*
- *Minimizes rekeying and keying errors.*
- *Receive Purchase Order Acknowledgements, Invoices and Advanced Ship Notices in the format to upload into your application.*
- *Generates printed documents.*
- *Reconcile the suppliers' Invoices to your Purchase Orders in real time.*
- *Supplier Toolkit runs in Innovates private and secure environment.*
- *Quick and easy to install.*
- *User friendly.*
